

CEDARVILLE ENGINEERING GROUP, LLC

Capabilities Statement

DESIGN TO BUILD | **Better. Stronger. Faster.** | **EST. 2010**

MISSION STATEMENT

Improving the quality of life through infrastructure in the communities we serve.

16 YEARS OF CONTINUOUS FEDERAL AWARDS	**8(a) · EDWOSB** SBA-CERTIFIED + DBE/WBE	**$394M+** FEDERAL CONTRACT CEILING VALUE	**$14.8M** NEW FEDERAL AWARDS, LAST 12 MONTHS
$35.8M OPEN CAPACITY ON CEG-HELD IDIQS/BPAS	**160+** TASK ORDERS DELIVERED	**$30M** BONDING CAPACITY	**$21.9M+** CONCURRENT DESIGN-BUILD, SELF-PERFORMED

CORE COMPETENCIES

Engineering
- Stormwater management
- Site layout & grading
- Roadway & utility design
- Erosion & sediment control
- Streambank Stabilization
- Infrastructure improvements

Environmental
- Remediation planning and execution
- Wetlands delineation and mitigation
- Permitting & compliance: TMDL and NPDES
- RCRA, HWMPs & waste stream determinations; EPCRA Tier II / TRI reporting, SPCC
- Natural & cultural resources - INRMP updates

Construction
- Design-build delivery
- Cost estimating & scheduling
- QA/QC implementation
- Subcontractor coordination & safety compliance
- Flood protection and Streambank Stabilization

Special Projects
- Aboveground and underground storage tank (AST/UST) systems
- Fuel distribution systems (pipelines, dispensers, filtration)
- Blast Booths
- Environmental Test Booths

DIFFERENTIATORS

01 CMMC - Level 2

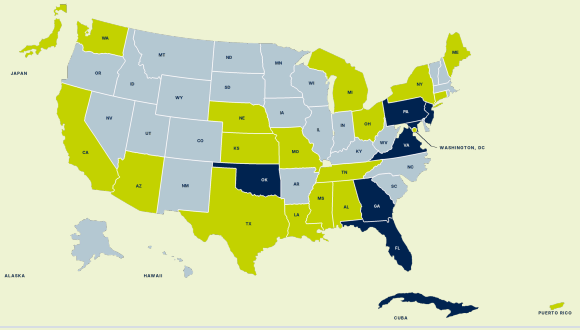

02 Design-Build In-House

03 Complex Problem Solving

FEDERAL & AGENCY CLIENTS

AGENCY EXPERIENCE

U.S. Navy

8 contracts across NAVFAC Mid-Atlantic and Southeast, 2020–2028.

- Environmental restoration & PFAS response
- UST/AST services and AST compliance inspections
- Potable water sampling at NSA-Philadelphia & Mechanicsburg

U.S. Army Corps of Engineers

Seven projects across districts and installations, up to $21.9M+.

- Letterkenny Army Depot design-build
- Flood control: Allentown, Stroudsburg Levee, Blue Marsh
- Fort Pickett fueling station demolition; Fort Drum stormwater

Washington Headquarters Services

Three Pentagon Reservation task orders worth $7.77M under the TMDL & Paving IDIQ.

- Utility cover security upgrades
- Mall Terrace milling & paving, 9,700 sq. yd.
- TMDL tree box filter stormwater retrofits

General Services Administration

Three contracts covering GSA and Defense National Stockpile Center sites.

- Belle Mead Army Depot environmental IDIQ, 15 task orders
- Lead & copper water sampling at childcare facilities
- Marietta Depot groundwater & soil data gap study

CEG By the Numbers

FEATURED PROJECTS

$21.9M+ — ARMY
Letterkenny Army Depot
Blast booth & environmental test chamber design-build

$4.32M — WHS
Pentagon Reservation
Utility cover security upgrades

$2.31M — WHS
Pentagon Mall Terrace
Full-depth milling & paving of a 9,700 sq. yd. parking lot

$2.8M — USACE
Eastern PA flood control
Approx. combined value: Allentown Flood Control, Stroudsburg Levee, Blue Marsh Force Main

45+ — NAVY
Task orders, NAVFAC Mid-Atlantic
Environmental IDIQ: abatement, OWS, HW management, water sampling

$2.0M — GSA
Belle Mead Army Depot, NJ
TCE groundwater remediation & wetland mitigation monitoring

CMMC & CYBERSECURITY COMPLIANCE

CEG maintains a CMMC Level 2 compliance program built on full implementation of the 110 security practices required by NIST SP 800-171 and DFARS 252.204-7012, safeguarding Controlled Unclassified Information (CUI) across its DoD contracts.
